Hello,

I found this very helpful online list from the University of the South's recent graduation website and have adapted it for our use. Please use it to assist you in finding lodging as well as parking, traveling and other info.

To let you know- I have only vetted one lodging option.

When my husband and I visited the campus in early March we went by the Sewanee Inn. It is indeed very nice, comfortable and convenient. However, it is quite expensive in comparison to some of the other options. So just look around the websites as you are planning your visit.

Thanks,

Mary Margaret

Note - our meetings/meals will be held at McGriff Alumni House and we may attend events at Guerry Auditorium as you are looking at the campus map. They are very close to each other.
